

Center for Academic Choices, Enrichment, and Success
T105 Carl Kleimola Technical Center

ADVISING

Staff in the ACES Center may be able to assist students with developing course schedules, advising toward majors, and implementing techniques to manage course loads.

TUTORING

Peer tutors are available in most subjects to assist students with working through coursework, identifying effective learning strategies, and developing academic skills. Peer tutoring is **FREE** to all students! Tutor schedules are available at the beginning of each semester. Group study can be organized upon request.

TESTING

Make-up testing arrangements can be made with ACES Center staff. ACES staff has designated hours to issue make-up tests, and students must receive instructors' consents to take tests at alternate times and locations. Make-up testing policies are available in the ACES Center.

MULTI-MEDIA LAB

Students may access computers to complete papers and projects, to check and send e-mail messages, and to surf the internet for educational purposes. Interactive learning and enrichment software, which exists on ACES computers, can help students to excel with academic subjects and serve as self-paced tutorials.

Hours of Operation:

Monday-Friday: 7:30 a.m. – 4:00 p.m.

(906) 932-4231 ext. 209
