

TITLE: GRADE RE-EVALUATION POLICY

The Grade Re-evaluation policy at Gogebic Community College (GCC) is to assist a student whose grade point average from some prior period at GCC is significantly lower than the work the student has completed in current semesters and, because of this, the cumulative grade point average is not representative of the student's capabilities.

Past courses used to meet graduation requirements for a prior degree cannot be removed from the cumulative GPA.

Upon approval of a petition for grade re-evaluation, all course grades prior to re-enrollment would be removed from the calculation of the Grade Point Average (GPA). Passing credits may be carried forward to meet graduation requirements if current course content has remained substantially the same as the historical course of record.

A student receiving grade re-evaluation will be allowed to utilize the revised GPA for graduation purposes, special academic recognitions, and requirements for professional certifications within the province of licensing boards, external agencies, etc. unless otherwise prohibited by external regulation.

Date of Adoption: 4/30/13
